

St. Paul Christian Early Learning Center Offers After Kindergarten Care to Families in the Warwick School District.

After Kindergarten Care:

St. Paul Christian Early Learning Center has been offering after school care to the community for over 20 years.

Lesson plans are created weekly by your child's experienced and educated teacher. Children will enjoy various activities that help extend and expand on concepts they learn during morning Kindergarten. Our teachers also incorporate other areas and interests the children may have into their lessons.

Child assessments and portfolios are completed for each child in our school age program. This allows the teachers to track and document your child's development.

Transportation by bus or van to St. Paul CELC is made available at an additional cost for students attending morning Kindergarten at Warwick elementary schools. Cost for 2014-2015 school year will range between \$70 and \$85 per month for 10 months. Figure is dependent upon the number of children enrolled.

Full-day care will be provided for school-age children when the Warwick School District is closed (unless the closure coincides with St. Paul CELC's Holiday closings).

Full and Part-time care is also available during the summer months when school is not in session.

Sample Daily Schedule:

- 10:45 – Bus Arrival, Free Play-Outside or in the Gym
